

Dear Parent/Guardian,  
Helmets protect the brain from serious injury. The Canada Helmet Initiative (CHI) and your school are supporting easy access to helmets. Take part and make helmet wearing a habit in your family. For every helmet you buy, \$1 will be donated to your community for free helmets. The CHI helmet campaign prices include all taxes, shipping, handling and processing. Helmets will be delivered to your school starting March 7, 2016. For more information, contact CHI: • www.canadahi.ca • schools@canadahi.ca • 905.574.9270 (Hamilton Area) • toll free 1-888-527-7827

The CHI and your school board are committed to the safety of you and your children. For a chance to win a new bike, check out our Heads Up 3 poster contest at: [www.mcmasterchildrenshospital.ca/hhi](http://www.mcmasterchildrenshospital.ca/hhi)

**2-V-1 Principle**

- 2** Two fingers distance above the eyebrows
- V** Straps form a v-shape under the ears
- 1** One finger space between strap and chin

Sincerely,  
Canada Helmet Initiative (CHI)  
Thank you for your support.

**Quick facts:**

- 88% of brain injuries can be prevented by wearing a well-fitted helmet.
- Children and adults need the same head protection.
- The law in Ontario says that all cyclists under 18 years of age must wear a helmet.
- Your brain is what makes you unique – keep it safe!
- Remember, the type of helmet changes with different activities

Measure your head - A helmet is the best way to protect your head in a fall or crash but to be effective it must be correctly sized & worn.

Step 1. Measure The Head: Place the measuring tape provided around the head, just above the eyebrows and ears.

Step 2. Choose A Helmet: Select helmet model, colour, and size.

Step 3. Select The Quantity. Determine the number of helmets you want per model, colour & size.

Step 4. Do The Math: Calculate the total number of helmets you ordered and the total dollar value of your order.
